Do you know about Odawara Lacquerware?

Okawa Mokkaujo

Explanation of Tourist Attraction

Odawara Lacquerware techniques have been passed down since the Muromachi period, and this handmade lacquerware brings out the beautiful details of natural materials. At Okawa Carpentry, Woodworking, and Lathe you can experience how soup bowls, serving bowls, and more are created. Using water paper, you can create original works that are unlike anything else in the world. Items are finished and ready to be taken that day, so you can use them at home.
