Roll-sushi school with a full range of recipes

# Roll-Sushi School GURURI

Explanation of Tourist Attraction

Picture roll-sushi is a type of roll-sushi with which the same picture appears no matter where you cut it, in the same way as Kintaro Ame candy. Preparation events involving more than one-hundred different recipes are popular among women, children and overseas visitors. The origins of picture roll-sushi lie in Futomaki Matsuri (Thick Festival) Sushi, a local food that developed mainly in the Sanbu district of Chiba Prefecture. Traditional thick picture roll-sushi are sold outside of stations, etc., and opportunities for trying them are on the increase, but this hands-on event allows people to experience the delight in making your own. Various recipes that are perfect for the New Year, Setsubun (spring equinox), Girls' Day, Mothers' Day, Halloween and Christmas are available on the website.
