

Yokohama &
Kawasaki
Kawasaki City
Tourist Attraction No.
2923

<Amusement>

It is more than a zoo or an aquarium.

Kawasui Kawasaki Aquarium

Explanation of
Tourist Attraction

With the theme of "beautiful waterfront in the world" we exhibit creatures from all over the world from the Tamagawa river flowing in Kawasaki to Asia, Africa, and even from the rain forest in the Amazon in South Africa with the newest lighting, audio, and image technology. It is a new nature entertainment aquarium where you can enjoy a stroll in the waterfront in the world.

Selling point

You can feed capibaras or join the backyard tour! You can register at the information desk in the aquarium. *The fee is different depending on the program. *It may change due to the condition of the creatures.
