Be a SAMURAI

## SAMURAI Project

### Explanation of Tourist Attraction

The Japanese traditional martial art iai-giri (instantaneous drawing of sword and cutting) program of the SAMURAI Project is a valuable cultural experience in which participants learn the lessons of zen from a priest of a historical temple in Kamakura, practice with an instructor using a wooden sword, and after that, try drawing a real Japanese sword and cutting with the sword. It is a precious experience in which you can touch a real Japanese sword, which is one of the symbols of Japanese culture and samurai, at the birthplace of the Kamakura Shogunate.
