The most advanced urban ropeway in the world

YOKOHAMA AIR CABIN

Explanation of
 Tourist Attraction

YOKOHAMA AIR CABIN opening in Spring of 2021 in Minatomirai 21 area is a ropeway where you can see the townscape from above while traveling. All gondolas have the most advanced battery that operates air conditioning system and safety surveillance system as well as LED lighting. You can travel from JR Sakuragicho Station to Shinko Area Unga Park safely and comfortably while enjoying the scenery.

Selling point

Enjoy the stroll in the air in the gondola with 360 glass window. At night, the gondolas and the station are lit up and add new color to the scenery.
