

Private Kanagawa cruises

A | Yokohama Port and Tokyo Bay

Yokohama is one of Japan's historic ports – it was one of the first to reopen to westerners at the onset of the Meiji Restoration. It's still a working port these days, but with its waterfront parks, chic shopping districts and residential towers, Yokohama has become a popular destination for tourists and locals alike. This private cruise will take you out onto the calm blue waters of Tokyo Bay for a spot of sight-seeing as you enjoy a sumptuous buffet lunch.

Exclusive special offer

Board a Monaco-style cruise boat for an exclusive trip across the bay. Lunch will be provided by Matsuno, a local sushi restaurant with a 110-year heritage – which once even hosted members of the British Royal Family on their visit to Yokohama.

■ Duration: Around one hour, which can be adjusted at guests' request. Please contact us.
※Cannot sail in stormy weather.

B | Sagami Bay

From your base at the luxurious Malibu Hotel, you'll set out on a grand boat tour of the beautiful Sagami Bay, which boasts some of the most celebrated views of the ever-present Mt Fuji.

Your cruise will take you around the Shonan coast, past the historic Morito shrine at Hayama, and on to Enoshima, a tiny island dedicated since time immemorial to Benzaiten, the goddess of music.

After your trip, you'll unwind with 'a private dinner on catamaran yacht', with luxury onboard catering and marine activities like fishing, diving and swimming, moored by a serene and undisturbed coastal forest.

Exclusive special offer

You'll charter a 45-foot catamaran for the private use of you and your party. The hotel will lay on a choice of western or Japanese cuisine, and dinner will be served as the sun sets, illuminating Mt Fuji in the twilight.
