

Yokohama Bay Private Cruise

Yokohama is one of Japan's historic port cities—one of the first to reopen to the West during Japan's early modernizing era. Today, it remains a bustling working port, yet with its waterfront parks, stylish shopping districts, and modern residential towers, Yokohama has also become a favorite destination for both locals and visitors. This private cruise takes you onto the calm blue waters of Tokyo Bay for a relaxing and scenic experience.

Exclusive special offer

You can charter a luxurious cruiser and enjoy the beautiful scenery of Yokohama's harbor in a private setting, spending an elegant and relaxing time on board. You will also experience a unique blend of Yokohama's near-futuristic waterfront and its enduring traditions while enjoying an onboard performance by Yokohama geisha—traditional Japanese female entertainers highly trained in classical music, dance, and refined hospitality. Their heritage traces back to the city's former hanamachi, or geisha districts, and these performers continue to carry on those arts in Yokohama's historic port area.
