

# Hakone, reset

Return to its cultural essence

## The untold origins story of Hakone

Hakone Hachiri, part of the 400 year old Tokaido road, remains ensconced in the mountainous forest of Hakone. Local guiding company, Explore Hakone, help travellers access the trail and discover the fascinating history of the area as a respite for weary feudal Lords & their entourage making the arduous journey on foot to the Edo-based Shogunate.

A history tour this is not; thanks to the guide's deep local knowledge & network guests can really get under the skin of Hakone, meet key characters of the community, see truly unique indigenous crafts and dine side by side with the locals.

## Program Features

- Chat with the 13th generation owner at an “Amazake” teahouse
- Learn about the delightful “Yosegi” woodcraft of Hakone
- Interact with the locals at the guide's favourite off-track soba spot
