

Malibu Hotel

Malibu Hotel is a luxury retreat located within Riviera Zushi Marina, just an hour from Tokyo and only 10 minutes from Kamakura, making it a convenient base for exploring the historic former capital. With spacious suites, each over 50 square meters, and palm-lined grounds by the sea, the hotel provides an intimate and tranquil escape for guests seeking both comfort and space. Blending natural beauty with easy access to cultural landmarks, Malibu Hotel is the perfect choice for travelers wishing to experience Kamakura while enjoying a peaceful seaside stay.

Despite its prime location overlooking Mt. Fuji and Enoshima, and just a 10-minute drive from Kamakura, Malibu Hotel provides a serene atmosphere with only 11 elegant guest suites.

As an optional experience, guests can enjoy a private cruise along the Shonan coast, departing directly from the marina adjacent to the hotel and taking in exclusive views such as the offshore torii gate of Morito Shrine and the rarely seen backside of Enoshima.

Another optional highlight is an ocean-view dinner at Ristorante AO, the signature restaurant at Riviera Zushi Marina, where you can savor refined Italian cuisine showcasing local seafood and vegetables along with rare, premium Hayama Beef, the region's celebrated wagyu.
